VOXTEL S100

VOXTEL S100, BIG BUTTON DECT PHONE

In today's world of communication and high technology products, you would almost forget that telephones were essentially created for calling. The Senior-line telephones include extra big buttons, large displays and amplified sound to increase functionality and ease-of-use. Although these telephones are simple to use, you would not have to miss out on any convenient functions such as handsfree dialing and caller ID. Senior-line telephones are Hearing Aid Compatible (HAC), ensuring that everyone is able to enjoy the freedom of communication.
