

swissvoice  
ePure

ePure 2nd generation is the definition of  
“most elegant home phone”

## ePure, the timeless telephone

In 2010, **swissvoice** revisited and reinvented the classical image a phone, and launched, the ePure, the first design and iconic phone on the market. ePure has become an icon in the home telephony market place, and remains THE reference in terms of telephone design...

ePure 2nd generation brings an even more pure, modern and clean design, combined with the latest in telephony functionality: low-emission fulleco® mode and high sound quality. Larger display and a navigation key for the ePure to offer maximum user comfort.
