Corded C4201 Telephone
with Digital Cordless C4201H Charger & Handset

Corded and cordless calls, seamless connections.

Introducing the new Motorola C4201 corded / cordless combo product, offering two phones in one!

Communicate easily using the ergonomically designed corded handset to ensure all calls are made in comfort, or use the speakerphone on either the corded handset or cordless handset for hands-free conversations.

The cordless handset can be located anywhere within range giving users greater flexibility. Caller ID on the corded base and cordless handset shows you who is calling no matter which handset the call is taken from.

Call transfers between the handset and corded base, as well as 3 way conferencing with simultaneous intercom, really does make the Motorola C4201 combo an ideal companion for families and small offices.

Ecomoto is a convergence of efforts by marketing, design, research, engineering, and supply chain management that lead to better products for everyone. It is a holistic view that focuses on both social and environmental responsibility. It is both a passion and a shared point of view.

The right thing to do.

- Meets and / or exceeds EMEA environmental regulatory requirements.
- Eco friendly packaging with a minimum 20% post consumer recycled content.
- Phone housing is built with a minimum of 25% post consumer recycled content plastic.
- Energy efficient charger that meets EU Code of Conduct requirements.
- ECO mode function which reduces the transmitted power and energy consumption.
